Sir:

Applicant and his counsel have carefully reviewed the Office Action dated June 8, 2004, but believe the claims in their present form are patentable over the teachings of the reference relied upon by the Examiner.
20 Reconsideration of the application in view of the following arguments in support of patentability is therefore respectfully requested.

REMARKS:

In the Office Action dated June 8, 2004, claims 12, 15 and 19 were rejected under 35 U.S.C. §102(b) as being anticipated by Peterson et al.
25 Claims 13, 14, 16-18 and 20-24 were stated to be allowable if rewritten in independent form. The above rejection of claims 12, 15 and 19, however, is respectfully traversed, and therefore those dependent claims have been retained in dependent form at this time.

In substantiating the aforementioned rejection, the Examiner cited the
30 use in the Peterson et al. reference of an "AF/AT Evidence Counter," which
